

MVH KITTEN PACKAGE

Start your kitten's journey on the right paw while saving over 40%! Our Kitten Wellness Package includes everything your new feline friend needs for a healthy start. We'll answer all your questions and guide you through every step with care and confidence.

OUR KITTEN PACKAGE INCLUDES:

3 WELLNESS EXAMS

Each visit includes a thorough checkup, personalized care recommendations, and time to answer your questions.

3 DISTEMPER VACCINES

Protects against three serious and highly contagious diseases: feline distemper, herpesvirus, and calicivirus.

RABIES VACCINE

Required by the county at 16 weeks; protects against a fatal, incurable disease.

FELINE LEUKEMIA & FIV TESTING

A blood test screens for two potentially fatal viruses that can be passed from mother to kitten at birth.

PARASITE TESTING

Includes two fecal tests to check for six types of worms and other internal parasites.

ROUNDWORM TREATMENTS

Your kitten will receive three treatments—one at each visit—to help prevent and eliminate this common parasite.

FLEA & TICK PREVENTION

Your kitten will receive three monthly doses of Revolution, the most effective flea prevention available.

3 TOENAIL TRIMS

Helps keep your kitten's nails in check while getting them comfortable with routine nail care.

Please note: any additional medications or treatments needed are not included in the package price.
